VILLA MYKO-2049 MYKONOS, GREECE

DESCRIPTION

Privacy, luxury and infinite views

The modern and new sea side villa is situated in an elevated and secluded spot with a view over Ftelia Bay and facing towards the beaches of Panormos and Agio Sostis. The extremely private villa has no neighbours nearby and it enjoys wonderful sea views. When the sun goes down in the west, the sky and the sea are painted in orange and pink and red and in the dark of night you will be surprized at the number of stars that are never visible in a city. The villa was built to a very high standard. The white cubic architecture of the exterior forms an interesting contrast with rough stone work. The interior décor is in a contemporary style with large windows that allow plenty of light into every room. The luxury villa for rent consists of 4 separate units and an additional guest bedroom, giving guests privacy and independence.

Each of the 4 units has a beautiful living area and a kitchen or a kitchenette. The residence can sleep up to 12 guests in 5 lovely bedrooms with modern bathroom facilities. In the second apartment, the double bedroom leads to a connecting area with two single beds, sharing a bathroom with the double room.

The outdoor areas were planned as communal spaces to bring everyone together under the romantic and beautiful shaded pergola next to the swimming pool. The infinity pool seems to run over into the ocean and to continue to the horizon: what a view! The spacious and wind protected pergola is a perfect area for a leisurely lunch or a magical dinner under the Greek night skies.
