## VILLA SANT-2005 SANTORINI, GREECE

### DESCRIPTION

Above all expectations!

On the south western tip of the beautiful island of Santorini sits this beautiful private villa for rent. The very large mansion has a fantastic location: on a cliff top, near to the famous Lighthouse and the Red Beach. From this elevated position the views are incredible: a 360° ocean view, the volcanic islands, the pretty town of Fira. At this villa, you are not at all aware of other people around you: it is a piece of heaven! The seaside villa is built in a softer, more rounded, version of the traditional Cycladic architectural style. The greens of the perfectly manicured garden and the blues of the pool and the sea and the sky, contrasts dramatically with the white exterior and interior of the mansion. An interesting feature of the villa is that it hosts an awarded world class recording studio often used by well-known artists. The contemporary and stylish interior design of the immense luxury villa is simple with the use of natural wood and faded earthy colours, which create a very elegant contrast with the overriding use of white. Various reception and sitting and dining areas are spread across 3 floors, offering a choice of views and seating arrangements and levels of seclusion. A fully functional office with electronic facilities like a fax machine, PC and printer, is available to guests. The child friendly villa has a huge living room and play room.

The mansion accommodates 10 persons in 5 guest suites, all of them more or less with equal dimensions, each with a modern en suite bathroom and fit with audio and visual facilities. Doors that open onto patios, connect the bedrooms to the pristine natural outdoor surroundings that are truly unique in the world.

Santorini is about outdoor living per excellence. Four decked terraces allow guests to pick and choose the perfect spot for the time of day, the weather and the company of the moment: sunbathing during the day, cooling down in the swimming pool with its Jacuzzi spot, sharing stories around the barbecue, sipping sun-downers with the ocean stretching out before you, enjoying a gourmet dinner under the stars...

One week minimum stay is required, except in August when the minimum stay is 2 weeks.
